Cynthia Thrall worked with me on the sale of our out of town home. I am a Realtor thus may be a little critical as to how another realtor works on my property. Fortunately, Cynthia was recommended to me from another Realtor and I had the pleasure of working with her. She is extremely professional and always available. I found Cynthia very easy to work with and alongside. I would highly recommend her for purchasing or selling. A true professional and asset to the industry. Look forward to working with you again., Thank you Cynthia.

All the Best,

Deanna Turner
